Our Product Introduction

Product Description

Kabelline loss fat injection loss weight solution

Kabelline is a linear serum that forms a slender silhouette and reduces the amount of heavy fat. It is a complete analogue of the product Kybella, approved by the United States Food and Administration . Non-surgical liposuction becomes more and more popular every year. How to apply:

When applying to the face it is recommended to use 2ml of solution.

When injecting in the body 4-8ml of the solution is recommended.

Maximum amount of dosage- 16ml per session.

Repeat the treatment 3-6 times within 1-week interval for best results.

product name	Kabelline loss fat injection loss weight solution 8ml x 5 vails kabelline
