

Clinic Lipo Lab Fat Dissolve L Carnitine Lipo Lab Fat Dissolve

Our Product Introduction

Basic Information

- Place of Origin: koran
- Brand Name: lipo lab ppc solution
- Certification: lipo lab
- Model Number: lipo lab-A
- Minimum Order Quantity: 1 box
- Price: 59usd
- Packaging Details: box
- Delivery Time: 3-5work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram/credit card
- Supply Ability: 10000 box per week

Product Specification

- Application: Clinic Loss Fat
- Form: Liquid
- Payment Terms: L/C, T/T, Western Union
- Material: Lipo Lab Ppcs
- Effects: Loss Fat Loss Wweight Fat Dissolving
- Product Name: Lipo Lab Ppcs Solution Injection
- Deliver Time: For 3-5 Days
- Deliver: By TNT/UPS/FedEX/DHL/EMS
- Highlight: clinic lipo lab fat dissolve,
L Carnitine lipo lab fat dissolve,
L Carnitine weight loss sodium

Product Description

Weight Loss Sodium Deoxycholate Lipo Lab Ppc Solution Fat Dissolving

What is lipo lab?

Lipo Lab PPC Solution is a direct fat dissolver that injects PPC (Phosphatidylcholine), Sodium Deoxycholate, and L-Carnitine into fat deposits to destroy the fat cells. Sodium Deoxycholate destroys the fat cell membranes, after which PPC dissolves the fat cells and L-Carnitine helps excrete them from the body.

product name	lipo lab ppcs solution injection loss fat loss weight
size	8 ml x 10 vials /box
effects	loss fat loss weight slimming

Major parts of injections

Double chin : Facial layer of fat which makes thick neck and double chin

Armpit, forearms : Armpit lines of the front part of arms, forearms around the triceps

Back : Brassiere line which gets a style of dressing disheveled

Abdominal region, ribs(love handle) : abdominal region and weighty ribs on both sides, love handle on the rear side

Hip : Line under a hip which is connected to thighs 6. Thighs : External or internal lines which jiggle due to excessive fatty layers

· PRODUCT ADVANTAGE ·

- ✓ **High purity PPC** (German origin : purity 99.8%)
- ✓ **Sodium Deoxycholate** (Japanese origin : purity 98%)
- ✓ **Particles of 50~70 nanomicros** (A size smaller than a cell)
- ✓ **Special Sterie Technology** (Odorless, non-pigmental, sterile technology)

By adopting German-origin raw material with the highest purity, Lipo Lab guarantees its safety & efficacy and enables clinics/hospitals to carry out more efficient and swift body-care programs. Lipo Lab has been designed and developed to stand a gemma-sterilized aseptic process under the pressure of 1,000 bars or higher, which eradicates the problem of storing it in refrigerator and the risk of probable infection, but makes it possible to keep it under normal temperatures.

■ Features of Lipo Lab

① No need of anesthesia it barely generates pain

② More efficacious and easier treatment than liposuction surgery

③ Cheaper costs than existing liposuction surgery

④ Effective for removing cellulites and enhances skin elasticity

⑤ Solves the obesity of specific parts where exercises cannot do

Lipolysis is to use fat locator to accurately locate the fat layer, inject the lipolysis solution into the fat layer with a special lipolysis needle, so that the fat tissue dissolves quickly. After the operation, the body shape is natural and slim and the skin elasticity can be increased, which has a firming effect.
