Made in Italy

How to use

Restores skin function, skin structure, regains the inherent elasticity for facial skin, smooth and glossy and smooth wrinkles.

Heal wounds, bruises, perennial acne scars effectively and quickly.

Balance moisture and improve skin tone, brighten skin naturally, not "peeling and bleaching".

Maintain healthy, radiant pink-white skin for a long time thanks to salmon DNA ingredients and nutrients that will nourish the skin from deep within each cell.

Extremely safe and does not cause any irritation to the skin, including sensitive skin

Effects

Placentex Injection kills and prevents the growth of infection-causing microbes, thereby preventing abrasions, cuts, or any break in the skin from getting infected. The antimicrobial effect helps in prevention of infection, promotes healing and helps in formation of healthy skin

Instructions

Apply one drop of Placentex to a specific area on the face and quickly rub into the skin. Repeat the process one drop at a time to different areas of the face.

Optional: Derma roll the treated area.

Repeat Step 1 if needed.

Gently tap the Placentex Serum into the skin.
