Product Description

The Red Ampoule Solution Lipo Lab Ppc solution for fat dissolve

The Red is a high-concentrated premium RED solution that combines only vitamin B12 and excellent ingredients for fat decomposition to increase metabolism of fat cells and accelerate it. It is distinguished from existing contour. The most powerful THE RED lipolysis needle

THE RED Korea A new generation of fat-dissolving essence for the fat type, which is different from the traditional fat-dissolving needles.

It has improved the disadvantages of the traditional fat-dissolving needles which are easy to hurt, swell and slow to take effect! It has high safety, quick effect, and small side effects. It has been approved by the KFDA in South Korea. There are no adverse reactions after use. The effect can be seen in the fastest 24 hours!

The world's first active ingredient that rapidly decomposes fats such as highly concentrated VB, promotes the decomposition of fats and expels them from the body at the same time, and simultaneously improves the perfect shape after tightening. It can be used for facial obesity, double chin, and excessive body fat shape.
