Product Description

Super V-Line Sol (5pcs*10ml) Fat Dissolving Injections Face Lipolytic

Product Description :

V-Line Sol is a new and effective lipolytic product perfect for eliminating body fat. Indirect facial injections for the face have proven to be effective. It is intended for the correction and also consolidation of other cosmetic procedures.

V-line Sol is an indirect fat dissolver that activates the body's natural process to dissolve fat cells. As a result, it accelerates lymph circulation and helps reduce excess fat in the face. V-line Sol's formula also helps minimize post-procedure swelling. In addition, when injected in the areas around the jaw and chin, V-Line Sol can help slim and tighten the face, giving a face-lifting effect and highlighting the face's v-curve.

Specification :

Ingredients	Aesculus Hippocastanum Extract, Tyrosine, L-carnitine, Sodium Chloride, Juglans Regia (Walnut) Seed Extract, Thermus thermophilus
Application part	Body, face
Packing unit	10ml x 5 vials
Country of origin	Republic of Korea
Injection Depth	Injections are made at a depth of 5mm. around 0.1~2cc per injection, spacing the punctures 1cm apart
Packing	5 vials, 10ml each per box

Application area:

Cheeks, zygomatic region
Sagging skin in the cheeks
Lower ear zone
Double chin
Face skin lifting
The area around the eyes

Super V-LINE Sol expedites lymph circulation & melting the excess fat in the face, and also reduces swelling. It will let you see the effect of skin regeneration.

Can also be used for sagging parts which are produced with age.

Remove the fat by giving the effect of face lifting on cheeks and double chin. It makes perfect face line with V curve.

MASSETER INJECTION “V” LINE JAW

How to use

The product is ready to use. Don't need to mix with other solutions.

1 bottle can be used for 5 people, and inject maximum 2cc for full face.

Injection depth 5mm, Injection amount 0.1~0.2cc, Injection interval 1cm.

It shows the result after 1st treatment, but if side effects occur, additional injection could be done. Treatment interval would be 3 days.
