WHAT IS CYTOCARE 532?

It is an injectable dermal filler designed to smooth fine lines and wrinkles while restoring elasticity and increasing firmness to the skin for enhanced radiance in the face. This product is specially formulated with non cross-linked hyaluronic acid and rejuvenating complex CT50. Manufactured by Revitacare Laboratories in France, this filler is part of the Cytocare range of products and is a Class III medical device. Cytocare 532 should be stored in conditions between 2° C to 30° C and is available for purchase in 10 vial amounts, with each vial containing 5ml of solution. This filler is specially formulated for mature skin and works best in patients ages 50 and over.

- was designed for a very mature skin. The product combines high concentration of non cross-linked HA combines around 50 ingredients that work in synergy to improve the skin quality and treat signs of ageing. The recommended course is 3 sessions with 3 weeks intervals. In order to maintain it is recommended to repeat 1 session every 3 months. Use maximum 1 vial per treatment. Middle dermis or superficial dermis, 10 vials with 5 mls each. This Cute Tank Tops is Lightweight, Relaxed and Comfortable to Use a skin that has a healthy hydro balance also looks more youthful and refreshed and high viscosity and duration
