## Product Description

Botulinum Toxin Type A Innotox Injection 50iu 100iu  
Wrinkle Allergan botox botulinum toxin injection type a for face thin

### Innotox 50 Units

In fact, Innotox 50 Units is an innovative product for smoothing mimic [wrinkles](#) on the face. Besides, Innotox has a liquid form and an improved formula. It is also popular in many countries thanks to being easy of use and a long lasting result.

#### Benefits of Innotox 50 :

As well, structure of the drug: Innotox 50 is available in a new liquid phase, so it does not require dilution.

Also, composition: the improved formula of the preparation does not contain: proteins, albumin, gelatin, compared with other similar drugs.

Moreover, temperature conditions: insensitive to temperature extremes, in contrast to solid-phase preparations.

And, diffusion: has the least diffusion among all botulinum toxins currently known.

Effect: during the course of procedures, the effect lasts up to 8 months, in contrast to other botulinum toxins, in which the effect lasts up to 4 months.

#### So, how to use Innotox 50 Units ?

Solution of the finished product is injected with 30G needle rate 4 units / 0.1 ml ( regardless volume of syringe used ).

To temporarily improve moderate to severe glabellar wrinkles related to eyebrow wrinkle muscle and/or procerus muscle in adults aged from 20-65.

#### Warnings Of Usage:

However, it is necessary that you keep it in the refrigerator until use. You can store the bottle that you open in the refrigerator at a temperature of 2 to 8 degrees 72 hours. Also, expiry date is 24 months from the manufacturing date.

#### However, ingredients of Innotox 50 are:

Clostridium botulinum toxin type A (Hall strain).

#### TOXINS SHIPMENTS

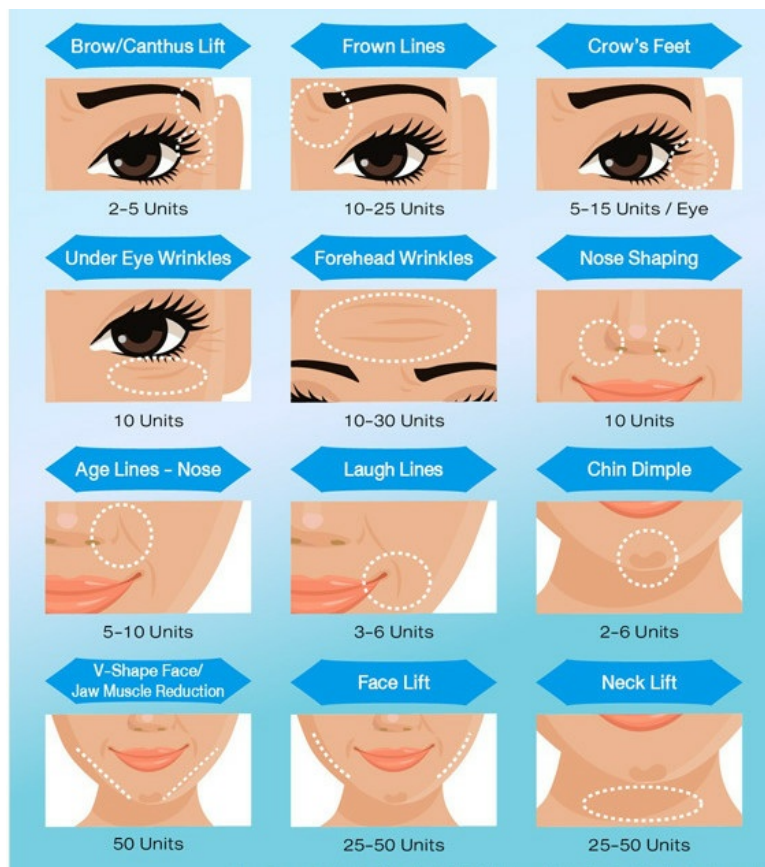

When ordering Innotox 50 please note that Botulinum toxins are temperature sensitive and may lose efficiency when exposed to extreme temperatures (Above 30 C/ 86F) for prolonged periods of time. Our toxins are shipped with ice packs means, even if melted help keep them in optimal condition during shipping and prevent from overheat. Study shows that toxins do not lose efficiency in room temperature for about a week. Please note that toxins are eligible for returns nor refund.

Toxin does not work the same on every person. It depends on metabolism, antibodies, lifestyle etc. It is recommended to find the toxin that works the best by experimenting. If this toxin does not work for the client it does not mean it is a bad batch. We do not exchange refund or accept returns for Botulinum toxins.

#### How does Allergan Botox work?

Allergan Botox acts by temporarily paralyzing the muscles. Therefore, people with such muscles or nerve problems benefit from it. Let's look a bit closer at how it works. Botox is inherited from neurotoxins. They work by targeting the nervous system and disrupting the mechanisms of nerve signaling to stimulate muscle contractions. This leads to muscles becoming temporarily paralyzed.
