Product Description

Restyla LYFTs Fillers Refyne Defyne Silk Lyft Hyaluronic Acid Injection

About:

Restyla LYFTs is a line of hyaluronic acid-based facial fillers that help smooth wrinkles and plump your cheeks and lips.

Hyaluronic acid occurs naturally in our skin, especially in connective tissue.

It's typically used in cheeks, lips, nasolabial folds, and around your mouth.

Safety:

Restyla LYFTs was approved by the U.S. Food and Drug Administration (FDA) in 2003.

It's not approved for use in those under the age of 21.

Common side effects include swelling, bruising, pain, itching at the injection site, and headache.

Convenience:

The procedure is performed in a doctor's office with local anesthesia.

It typically takes less than an hour, allowing you to go home right afterward.

Recovery time is less than a day so you can return to work immediately.

spec

Duration	6~24 months, 6-18 months, 6-18months, 8~12 Months

Treated areas

will:

- Ease deep facial lines
- Improve fine wrinkles
- Eliminate acne scars
- Plump the lips
- Camouflage puffiness under the eyes
- Restore facial volume and shape
- Establish facial symmetry
- Improve fine line around the mouth and cheeks

How does the treatment work?

The treatment can be done in 15 minutes but it can also take longer, depending on the area to be treated.

The professional in charge of your treatment injects the product using an ultra-thin needle under the surface of the skin. For fine lines, the product is injected at the surface of the skin. For marked wrinkles, the injection is made at a deeper level.

Please note that the injection of Juvéderm Ultra requires a medical gesture that can only be carried out by a doctor (doctor specialised in dermoesthetics, dermatologist or plastic surgeon).
