## Product Description

### Profilo H+L

### What Is Profilo

Profilo® is an injectable anti-aging treatment made from hyaluronic acid (HA). It is a product that can bio-stimulate four types of collagen, elastin, and proliferate adipocytes (fat) stem cells to address these anti-aging issues naturally and effectively. The slow release of HA by Profilo results in natural bio-remodeling of the skin and improved skin quality lasting for up to six months.

### The Benefits of Profilo

- Returns volume and firmness, and gives an overall lift
- Stimulates elastin to reduce skin laxity and improves your skin structure
- Stimulates 4 types of collagen growth through a bio-remodeling process
- Hydrates your skin

### How Does Profilo Work

Profilo® boasts one of the highest concentrations of HA in the market (64mg / 2ml), which allows it to deeply boost the hydration of the skin and reverse aging and sagging skin, especially in the face, neck and hands with little-to-no downtime.

HA is hydrophilic which means that it draws and retains water in your body, thereby acting as a hydrator rather than a filler that only fills in wrinkles and plumps the skin temporarily.

Within 3-5 days, you can witness the firsthand transformation of tired and dull-looking skin to firm and luminous skin.

**PROFILO®**

**Bio-remodeling and**  
Improvement in  
Skin Laxity via  
5 injection points per side

### Profilo VS Fillers VS Skin Booster

Profilo® is neither a filler nor a skin booster. Lesser sessions are required and it does more than just hydration.

use	5 injection point per side

## Who Is Suitable For Prophilo Treatments

Prophilo® is suitable for both men and women with mild to moderate signs of aging skin. It is highly recommended for patients aged 30-50 years who are looking for an effective method to hydrate their skin and improve skin laxity, elasticity, and fine lines. Generally, those above 25 years old can also benefit from this treatment.

For safety reasons, Prophilo is not recommended for patients who have/are:

Immunocompromised

Allergic to product ingredients

Have any infected skin area, such as acne or cold sores

Pregnant or breastfeeding women
