supplied in a glass syringe with a Luer lock fitting. Only authorized aesthetic professional in accordance with local regulations should administer with injections.

The packaging content:

- 1 prefilled syringe 1,0 ml
- 2 x needles
- Traceability labels

version is suitable for improvement for fine lines, rinkles and folds. It is highly recommended to use for lips enhancement. The brand is made using patented Non-Animal Stabilized Hyaluronic Acid (NASHA) Technology, which helps retain the natural way that hyaluronic acid molecules connect to each other. This results in a product that produces much longer-lasting results. As well, this filler comes with added , an anesthetic for better patient experience during injection.
