ARASTI PLUS is a premium filler developed by Feel Korea made with purified Hyaluronic acid and infused with lido to provide comfort upon injection. ARASTI PLUS dermal filler is carefully designed to treat medium wrinkles in the nasolabial folds, laugh lines, forehead, nose, and cheek. Once injected, ARASTI PLUS travels into the mid to deep dermis or subcutaneous layer of the skin, effectively enhancing specific parts of the face like the chin and defining the facial features into a more youthful appearance.

ARASTI PLUS is manufactured with good cohesion and elasticity using precise cross-linking technology. The durable structure of this hyaluronic acid dermal filler produces good skin adhesion and natural volume in wrinkled and sagging skin.

It is economically packaged with two pre-filled syringes for your convenience and double the effect at the most affordable price.

Arasti Plus a-Plus White Arasti

Description

1ml with s an efficient dermal filler for correcting moderate to severe lines and wrinkles as well as plumping and shaping your patient's lips. Product is a sterile, transparent gel of stabilized hyaluronic acid of non-animal origin with the addition of 0.3% hydrochloride. 1ml with is supplied in a glass syringe with a Luer lock fitting. Only authorized aesthetic professional in accordance with local regulations should administer with injections.

The packaging content:

- 1 prefilled syringe 1,0 ml
- 2 x needles
- Traceability labels

version is suitable for improvement for fine lines, rinkles and folds. It is highly recommended to use for lips enhancement. The brand is made using patented Non-Animal Stabilized Hyaluronic Acid (NASHA) Technology, which helps retain the natural way that hyaluronic acid molecules connect to each other. This results in a product that produces much longer-lasting results. As well, this filler comes with added , an anesthetic for better patient experience during injection.
