Basic Information

- Place of Origin: korea
- Brand Name: Hyaron
- Certification: ce
- Model Number: 10
- Minimum Order Quantity: 1 box
- Price: usd 100
- Packaging Details: 70cc
- Delivery Time: 3-5day
- Payment Terms: D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000

Product Specification

- Product Name: Hyaron
- Packing: Hyaron Prefilled Inj 2.5ml*10 Syringe
- Feature: Whitening, Firming, Anti-Aging, Anti-Wrinkle, Nour
- Carton Size: 34*40*45cm
- Standard: CE
- Injection Technique: Micro-injections
- Shipping: DHL EMS UPS FEDEX
- Material: Hyaluronic Acid Gel
- Other Type: LYFT
- Disinfection: Disinfection
- Injection Site: Facial
- Available Quantity: 5000pcs
- Pain Level: Mild To Moderate
- Package: 2*1ml Syringes

Product Description

Hyaron prefilled inj Sodium Hyaluronate 25mg/ 2.5mL*10 syringe

Product name	Hyaron Prefilled Inj 2.5ml*10 Syringe
Packing	2.5ml in 10 prefilled syringes
Feature	Whitening, Firming, Anti-Aging, Anti-Wrinkle, Nour
Carton size	34*40*45cm

Product Description:

Hyaron is a skin booster based on non-stabilized hyaluronic acid (HA). HA is a natural component of our skin, it determines the level of skin hydration and promotes the synthesis of collagen and elastin. The level of HA naturally decreases with age resulting in the loss of the skin's elasticity and formation of wrinkles. Hyaron stimulates proliferation of fibroblasts, and the cells start producing collagen and elastin. As a result, the skin gains elasticity, brightness and the required hydration level.

Strengths of Hyaron:

deep skin hydration at all skin layers
improved skin tone and structure
no allergic reactions and other side effects
stimulation of body's own production of essential components of the extracellular matrix
fast and easy correction of age-related changes in the skin
high viscosity of the gel ensures long effect duration
effective in diminishing skin imperfections (acne scars, rosacea, pigmentation)
Hyaron is a skin booster intended for bio-revitalization of the skin.

Scope of Hyaron :

dull, dry, and dehydrated skin
early signs of aging (wrinkles, folds, loss of elasticity, and saginess)
damaged skin due to excessive UV exposure and cosmetic treatment
acne scars and other skin defects (rosacea, stretch marks)
undesired skin pigmentation
preparation for and rehabilitation after plastic surgery and deep chemical peels
The esthetic effect lasts from 6 to 12 months.

Product composition: Sodium hyaluronate 25.0 mg
