Product Description

**What are RADIESSE® and RADIESSE® (+)?**

RADIESSE® and RADIESSE® (+) are dermal fillers that are used for smoothing moderate to severe facial wrinkles and folds, such as nasolabial folds (the creases that extend from the corner of your nose to the corner of your mouth). RADIESSE® is also used for correcting volume loss in the back of the hands. RADIESSE® (+) is also used for improving moderate to severe loss of jawline contour in adults over 21 years old.

Applications

Smoothing out facial lines and wrinkles
 Nasolabial fold filling
 Filling of bitterness folds (oral commissure)
 Restoration of cheekbone and cheek volume
 Contouring of the face (oval, temples)
 Medical rhinoplasty
 Hand filling and smoothing
 Neck and décolleté straightening
 Happy Lift® (non-surgical facelift)

Radiesse® injections can be combined with other injections such as botulinum toxin or hyaluronic acid according to individual needs, or with complementary aesthetic treatments such as HIFU to optimize and sustain results.

Product name	radiesse
Area	Facial Wrinkles and Folds
Function	Remove Wrinkle
