ADVANTAGES

1.No need of anesthesia as it barely generates pain.
2. More efficacious and easier treatment than liposuction surgery.
3.Lipolysis injection dissolves, destroys fat cells and exhausts them out of body through sweat, urine and internal combustion.
4.Cheaper costs than existing liposuction surgery.
5. Effective for removing cellulites and enhances skin elasticity.
6. Such a simple treatment that barely bothers everyday life.
7.Solves the obesity of specific parts where exercises cannot do.

Main Injection Area

Double chin : Facial layer of fat which makes thick neck and double chin.
Armpit, forearms : Armpit lines of the front part of arms, forearms around the triceps.
Back : Brassiere line which gets a style of dressing disheveled.
Abdominal region, ribs(love handle) : abdominal region and weighty ribs on both sides, love handle on the rear side.
Hip : Line under a hip which is connected to thighs .
Thighs : External or internal lines which jiggle due to excessive fatty layers.
