- Supply Ability: 5000 pcs/month

Product Specification

- WhatsApp: +86-18132165209

Product Description

Product Features

Lipo Lab is one of the safest and most effective fat-dissolving products in existence today. It offers fast subcutaneous fat removal. It fights obesity in two main ways - by speeding up metabolism and melting the fat tissues in a natural and health-friendly manner. This PPC solution can also increase the elasticity of the skin and remove cellulite.

Lipo Lab has been carefully manufactured with the sole purpose of caring for the body easily and effectively with its base materials carefully selected in Germany which is known for high standards of safety and effectiveness. Purity is also in the thought process as it is utilized in several hospitals and clinics in Korea.

Lipo Lab has been designed to withstand a gamma-sterilized aseptic process that is key for its storage and eliminating or minimizing the risk of infection.

Lipo Lab is safely manufactured in Korea and is being exported to many countries worldwide.
