Description

1ml with is an efficient dermal filler for correcting moderate to severe lines and wrinkles as well as plumping and shaping your patient's lips. Product is a sterile, transparent gel of stabilized hyaluronic acid of non-animal origin with the addition of 0.3% hydrochloride. 1ml with is supplied in a glass syringe with a Luer lock fitting. Only authorized aesthetic professional in accordance with local regulations should administer with injections.

The packaging content:

- 1 prefilled syringe 1,0 ml
- 2 x needles
- Traceability labels

Ingredients:	• 20 mg/ml hyaluronic acid
spe	• 3 mg/ml l
Delivery	1-3days

Benefits:

version is suitable for improvement for fine lines, rinkles and folds. It is highly recommended to use for lips enhancement. The brand is made using

patented Non-Animal Stabilized Hyaluronic Acid (NASHA) Technology, which helps retain the natural way that hyaluronic acid molecules connect to each other. This results in a product that produces much longer-lasting results. As well, this filler comes with added lidocaine, an anesthetic for better patient experience during injection.
