| spe                 | • 3 mg/ml l                |
| Delivery            | 1-3days                    |

**Benefits:**

version is suitable for improvement for fine lines, wrinkles and folds. It is highly recommended to use for lips enhancement. The brand is made using patented Non-Animal Stabilized Hyaluronic Acid (NASHA) Technology, which helps retain the natural way that hyaluronic acid molecules connect to each other. This results in a product that produces much longer-lasting results. As well, this filler comes with added lc , an anesthetic for better patient experience during injection.
