Lemon bottle fat dissolving vials,  
10ml fat dissolving injection kit

## Product Description

Lemon Bottle is a new advanced lipolysis solution for the face and body. Lemon Bottle is a high-concentration fat dissolve solution that combines Riboflavin (vitamin B2) and other premium ingredients that create fat decomposition by accelerating metabolism of fat cells.

Minimal swelling, minimal pain. Begins working immediately.

**Must be administered using fat dissolving technique (lipolysis) using a trained professional who is trained in this process.**

**NOT** to be consumed topically or orally.

*This pack consist of 1 vial x 10ml*

**Instant Results:** Speeds up Lipolysis (fat breakdown)

**Safe to use:** Clinically proven and approved as safe to use

**Premium ingredients:** High quality Riboflavin (Vitamin B2), Bromelain, Lecithin

**Highly concentrated:** Optimal dose of ingredients used

**Core ingredients:**

### Riboflavin (Vitamin B2)

Riboflavin, a water-soluble vitamin, plays a role in turning carbohydrates, proteins and fats into energy in the body and the body can't store much of it.

Vitamin B2 is involved in the oxidation of fat and helps fat metabolism by promoting fat burning

### Bromelain (Pineapple extract)

Bromelain is a powerful digestive enzyme commonly found and extracted from pineapples, fruits, leaves and stems.

It is used as an anti-obesity alternative medicine and induces fat breakdown as well as preventing inflammation

### Lecithin

Lecithin is a generic term used to describe any group of fatty substances occurring in animal and plant tissues, which are amphiphilic – they attract both water and fatty substances.

Lecithin possess beneficial properties in reducing cholesterol levels and controlling or preventing atherosclerosis
