Product Description

Description

Fillmed® NCTF 135HA is an anti ageing mesotherapy product indicated for intense revitalization, hydration of tired or loose skin, treatment of wrinkles and optimizing skin brightness and radiance. The formula consists of 55 active ingredients (vitamins, amino acids, proteins, free radicals and antioxidants) to stimulate and repair aging skin.

NCTF 135HA is an advanced hyaluronic acid-based mesotherapy solution combining 135 revitalizing ingredients, including:

Hyaluronic Acid (HA): 15-20 mg/mL (low molecular weight for deep hydration).

Vitamins (B1, B5, B6, C, E): Antioxidant protection + collagen synthesis.

Amino Acids & Coenzymes: Stimulate cellular regeneration (e.g., arginine, NAD+).

Minerals & Nucleic Acids: Enhance skin repair and metabolic activity.

Origin of NCTF 135HA skin booster

Developed by: Filorga

Patent & Trademark: Originally branded as "NCTF®" (New Cellular Treatment Factor), a proprietary formula.

Global Adaptation: Now widely manufactured by licensed OEM suppliers (especially in South Korea, China, and Europe) with formula variations.

What are the benefits of Fillmed NCTF 135HA?

Intense revitalization

Skin hydration

Treat superficial wrinkles

Improve skin brightness and radiance

Areas: Face, neck, décolleté, back of the hands, inside of the arms, inside of the legs, abdomen
