Product Description

Advantage

Needle Free Injection System Feature

1. Needle Free

Many people suffer from needle phobia. Our Needle Free Technology alleviates needle phobia with needle-free injection.

2. Virtually Pain Free

Fast injection in less than 1/3 of a second, micro orifice, and the automated spring pressure make injections with 'THE SERA' virtually painless

3. Fast, easy, and safe

The use is simple. It can be used by patients for self-injection, or other individuals can administer injections of the prescribed medication.

4. No Risk of Needle-stick Injuries

It eliminates needle-stick injuries as THE SERA is needle-free, thus reducing disposal costs. Eliminates Cross-contamination

5. Nozzle and adapter are sterilized by gamma irradiation

They are disposable, thus eliminating the possibility of cross-contamination.

6. Long Life and Low Maintenance

The Bouliga injector can be used for over 10,000 injections, and it is operated by a self-powered spring.
