Product Description

Advantage:

1.Facial Lifting:

Protein lines are embedded in the aging and dropping skin and fixed with the adipose layer to achieve the effect of facial lifting.

2.Contour Shaping:

By lifting the skin in the opposite direction of gravity, the sagging chin, wrinkles and face are lifted upward and tightened, and the V-face is reconstructed.

3.Remove Wrinkles:

Protein lines embedded in the dermis or subcutaneous layer can tighten the skin at all times, promote collagen growth, increase skin elasticity and remove wrinkles,

4.Improving Skin Quality:

Protein thread can promote blood circulation, desalinate pigments, whiten skin, promote collagen proliferation, and make skin full and elastic.
