#### Korea The Red Fat Dissolving Solution

A new generation of fat-dissolving essence for the fat type, which is different from the traditional fat-dissolving needles. It has improved the disadvantages of the traditional fat-dissolving needles which are easy to hurt, swell and slow to take effect! It has high safety, quick effect, and small side effects. It has been approved by the KFDA in South Korea. There are no adverse reactions after use. The effect can be seen in the fastest 24 hours! The world's first active ingredient that rapidly decomposes fats such as highly concentrated VB, promotes the decomposition of fats and expels them from the body at the same time, and simultaneously improves the perfect shape after tightening. It can be used for facial obesity, double chin, and excessive body fat shape.

#### The Red Red Fat Soluble Ingredients Introduction:

Vitamin B12: in the form of coenzyme, can increase the utilization of folic acid and promote the metabolism of carbohydrates, fats and proteins  
Metabolizes fatty acids, making fat, carbohydrates and proteins suitable for use by the body

Bromelain: It can catalyze the cleavage of peptide bonds in protein molecules, decompose proteins, peptides, lipids and amides, and has anti-inflammatory and anti-edema effects.

Lecithin: Decomposes large excess particles of fat, replenishes acetylcholine, and replenishes energy

#### The Main Use Site

1. Fat Back : Brassiere line which gets a style of dressing disheveled
2. Fat Abdominal region, ribs (love handle) : abdominal region and weighty ribs on both sides, love handle on the rear side
3. Fat Hip : Line under a hip which is connected to thighs
4. Fat Thighs : External or internal lines which jiggle due to excessive fatty layers
