Product Description

7 in 1 RF Oxygen Injector Facial Microcurrent LED Mask Deep Cleaning Small Bubble Machine Skin Care Hydra Dermabrasion Machine

Our F

Principle

Small bubble machine combining powerful exfoliation, cleansing, hydrating and skin resurfacing that leave the skin hydrated, looking brighter, smoother and rejuvenated. Immediately following treatment, the skin feels smooth and refreshed with increased blood flow to the surface. This increased circulation encourages new collagen formation, and firmer, more youthful-looking skin.

Features

1. Painless extractions
2. Highest client satisfaction
3. Immediate radiant results
4. No irritation or discomfort
5. No cross-contamination
6. Superior faster results than microdermabrasion treatment
7. Resurfaces the skin while simultaneously introducing topically
