

## Vacuum Lifting Enlarge Cupping Breast Enlargement Machine Butt Lift Buttock Sculptra Hyaluronic Acid Filler Sedyfill

Our Product Introduction

for more products please visit us on hadermal-filler.com

### Basic Information

- Place of Origin: China
- Brand Name: BBT
- Model Number: Vacuum Lifting Enlarge Cupping
- Minimum Order Quantity: 1
- Price: \$125
- Packaging Details: box
- Delivery Time: within 24h after paid
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram/paypal/ Bitcooin
- Supply Ability: 50000000 pcs/month

### Product Specification

- Products: Vacuum Lifting Enlarge Cupping Breast Enlargement Machine
- MOQ: 1 Piece
- Type: Vacuum Cupping

### Working Principle

**Vacuum cupping: with automatic suction and release to perform physical massage on the breast, dredge the breast meridians and promote blood circulation, solve the problem of expansion and sagging, enhance elasticity, firmness and roundness of the breast. Similarly, it can also promote the shape of hips.**

#### Product Description

##### Specification:

##### 1. Instrument Introduction

Bibo Chambers' use of modern technology, are put suction principle, the integration of traditional Chinese meridian acupuncture, massage, qigong, cupping, scraping, acupuncture and other health care patients, the combination of technology and mechanical physiotherapy ancient Indian yoga and form high-end equipment.

Bibo Chambers has 60 patents nine countries and regions of the United States, France, Germany, Japan, China, Thailand, Singapore, Hong Kong and Taiwan, and passed the ISO9001 international certification, awarded World Health Organization NGO national good biological health products Gold Award.

##### 2. Action principle

1, negative: a negative pressure within the cup, allows local capillary congestion, stimulate organs, enhanced cell viability, promote functional activities to enhance the body's resistance; negative pressure mechanical stimulation, the reflex pathway reached the central nervous system, can regulate nerve activity balance. Operation suction deflated, negative pressure increase and disappearance turnover, so that local continuous opening and closing of the pores, and promote skin respiration, increase their oxygen intake, speed up waste excluded. Having warm the meridians, qi and blood, resuscitation Shujin stasis swelling, in addition to the effectiveness of the poison of evil.

2, blood circulation: blood cyler can penetrate the subcutaneous tissue seven millimeters, combined with deep tissue massage to make blood flow, and clear breast acini, make the invisible visible blood drive gas, oxygen and nutrient delivery to the breast, and the excitation of brain pituitary secretion of female hormones, strengthen breast tissue, stimulate breast growth and development. Promote uterine contraction, tightening the skin elastic fibers, to prevent skin tissue loose, decentralized.

3, high-frequency magnetic resonance massage: cup equipped with a high-frequency magnetic resonance apparatus is a new beauty care equipment and electric magnetic point therapy combines massage. Means for generating a magnetic field of magnetic resonance massage and vibration massage double effect, acting on the benefit from parts of the body, meridians or acupuncture points to promote blood circulation, speed up metabolism, increase body cell viability, and produce a variety of desired results.

##### Instrument operation panel indication map

##### 3. Technical parameters

Power 160W

Voltage 220V

Frequency 50--60Hz

##### Instrument Accessories

1. special Breast cup (No. 15,12,10,8 1 pair);

2. Scrapping cup 1 set (1-8 in 1 pair);

3. Thick black tee set

4. Power line 5. Manual one

5. Packing size: 60X39X35cm

6. Gross Weight: 9kgs

##### 4. Functions:

Physical therapy, stimulating pituitary to excrete hormone, exercising elasticity of muscle tissue and fabric function, making breast elastic and smooth, Breast enlarging breast lifting, sunken mamilla rectifying, effect is quick and steady.

##### 5. Carry out the project

1) green energy Breast: Breast, breast, tight chest, plastic chest. Chest movement, eliminate Furu, strengthen heart and lung function, prevention of breast disease.

2) reproductive treatments Maintenance: female uterus, ovary, improving vaginal relaxation, urinary incontinence, frigidity; regulate female hormones,

improve dysmenorrhea, improve endocrine, delay menopause. Men kidney care.

3) head SPA care: improving dizzy head up, migraine headaches; eye fatigue, tinnitus, allergic rhinitis, alopecia, dandruff and other treatment of some help.

4) facial rejuvenation treatment: to improve dull, sallow skin, reduce nasolabial folds, crow's feet and so on. Face lift can be achieved, face sculpture, plastic face-lift and other effects.

5) shoulder / neck / back pressure: Shun air conditioning, muscle relaxation;  
to improve chest tightness, heart palpitations, shoulder pain, acidic sub-health physical fitness, prevent scoliosis, hunched, conditioning organs, back to clear the meridians,  
back Shu pressure, scraping detoxification relax like. At the same time can improve stiff neck, arm tingling, improve sleep quality.

6) waist and abdomen body sculpting treatment: thin waist, stomach and intestines, stool elimination, increase gastrointestinal motility, strengthen stomach function, to eliminate beer belly;  
improve lower back pain, muscle strain and so on.

7) lower body rash course: improve varicose veins, capillaries emerge, edema, tingling legs, knees and health care.

8) body rejuvenation treatment: stovepipe skinny arms, hips, buttock, plastic hip, improve constipation, lose weight, slim body sculpture.
